

Annapolis, Md., February 27, 1913.

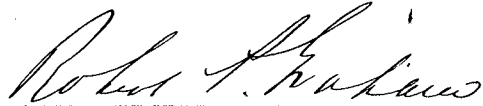

The Board met in the Governor's Office, Annapolis, at 12:30 o'clock.

Present: Governor Goldsborough and Comptroller Harrington.

Captain Howard of the Oyster Police Force appeared before the Board and presented the question of the advisability of allowing the removal of seed oysters from certain beds during the months of February and March, by dredges and allowing them the privilege of transporting the small oysters to the Lessee's beds without culling on the natural bed or bar. Upon the advice of the Attorney General who was present it was

RESOLVED, that it is the sense of the Board that the law should be obeyed and that it is the duty of the Commander of the Oyster Police Force to see that the law be enforced as there is no provision whereby seed oysters can be taken except in those waters laid out by the Shell Fish Commission between April 15 and May 15, and in the waters provided by Chapter 4 of the Acts of 1912.

There being no further business, the Board thereupon adjourned.

Secretary.
